

COMPANY PROFILE

ENERGY CERTIFICATION SERVICES (Pty) Ltd

Andre Coetzee

EPC Professional

(+27) 83 627 2113 021-913 5259

info@ecssa.co.za www.ecssa.co.za

We specialize in the assessment and calculation of building energy consumption. We are registered with SANEDI and authorized to issue **Energy Performance Certificates** for buildings in South Africa. SANEDI Reg Num: SRP000080

Our customer base consists of building owners, property managers and agents. We assist them with registration on the NBEPR and compliance with the **Regulation for the Mandatory Display and Submission of Energy Performance Certificates for Buildings**, as promulgated by the Minister of Mineral Resources and Energy, Notice 700 of 2020 of the National Energy Act, 1998 (Act no. 34 of 2008).

We are also partnered with **Solar5** and **CVE South Africa**, consulting on commercial solar and battery energy storage (BESS) solutions for a wide range of industries.

OUR SERVICES

1 Energy Performance Certificates (EPC)

EPCs may only be issued by a SANEDI Registered Professional. EPCs for buildings are issued in accordance with the South African National Standard SANS 1544:2014

2 Energy Audits and Site Surveys

To effectively manage energy, companies must understand how energy works, when it is used, and where it is used.

3 Electrical Data logging

Logging allows for the monitoring of various electrical parameters like voltage, current, power factor, kW peak and harmonics.

4 Commercial Solar PV & BESS EPC

In commercial solar "EPC" refers to Engineering, Procurement, and Construction, a model where a single company handles all aspects of a solar project, from design and planning to sourcing materials and building the system.

Preferred supplier to the Club Industry in South Africa

We are proud partners of CMASA. The Club Management Association of South Africa has over 460 members, which include most of South Africa's largest Golf and Sport Clubs.

In the **First Quarter of 2025**, we assisted the following clubs in achieving their Energy Performance Certification:
